Introduction

Vision Aid STATS (Student Training and Tracking System) is a web-based application designed to manage and track student training programs, course information, and staff details for Vision Aid.

Spring 2023 Documentation

<https://github.gatech.edu/cs-6150-computing-for-good/va-stats/blob/staging/public/documentation/p2VisionAidSTATS-user-documentation.pdf>

User Roles and Access Levels

The system has the following user roles with specific access permissions:

1. ADMINISTRATOR

- Full system access
- Can manage users and staff
- Can manage courses
- Can access all batches
- Can generate and view reports
- Can manage student information
- Can access Documents & Fees section
- Can access Assessment Management
- Can access Batch Management

2. MANAGEMENT

- Similar access level to Administrator
- Can manage courses
- Can access all batches
- Can generate and view reports
- Can manage student information
- Can access Documents & Fees section
- Can access Assessment Management
- Can access Batch Management

3. STAFF

- Can access only assigned batches
- Special "Master Staff" level access available for specific email IDs
- Can manage student attendance for assigned batches
- Can view but not edit grades

- Limited access to student information
- Cannot access:
 - Course management
 - Reports
 - Documents & Fees section
 - Assessment Management
 - Batch Management

4. TELECALLER

- Can access student information
- Cannot access:
 - Batch management
 - Course management
 - Reports
 - Assessment Management

System Features

1. Student Management

- Student Registration with comprehensive details:
 - Personal Information:
 - Name (cannot contain numbers or special characters)
 - Gender
 - Date of birth
 - Contact details (phone number must be exactly 10 digits and unique in system)
 - Educational Background with available qualifications:
 - Below 10th Standard
 - 10th Standard
 - 12th Standard
 - Diploma
 - ITI
 - Undergraduate
 - Graduate

- Post-Graduate
- Professional Degree
- Other (requires additional details)
- Visual Impairment Details:
 - Disability type ("Visually Impaired" or "VI With Other Disability" accepted)
 - Vision loss percentage (must be between 40-100%)
 - Note: "Other disability" and "Non-disabled" are eligible to register but VA courses are currently focused on individuals with visual disability.
- Course Preferences (up to three course choices)
- Location Information (country, state, city)
- Employment Status
- Additional tracked fields:
 - Quarter
 - SNo
 - Batch_ID
 - Program_Name
 - Trainee_ID
 - Languages Known
 - Program Manager/Coordinator
 - Risk factor
 - Remarks
 - Commenter
- All fields marked with asterisk (*) are mandatory
- View and manage student information
- Track student progress and completion status
- Add/update student remarks
- Available to: ADMINISTRATOR, MANAGEMENT, TELECALLER

2. Batch Management

- Create and manage course batches with:
 - Course name and batch identifier
 - Start and end dates
 - Class schedule (days and times)

- Training mode (Virtual, In-Person, Self-Paced)
- Instructor, Program Manager, Teaching Assistant assignments
- Data entry access configuration
- Currency settings for fees
- Track batch status (Unstarted, Ongoing, Complete)
- Manage student enrollment
- Features for different roles:
 - STAFF: View assigned batches and mark daily attendance
 - ADMINISTRATOR/MANAGEMENT: Full batch management capabilities
- Batch Status Tracking:
 - Student completion status
 - Certification eligibility
 - Risk factor assessment
 - Attendance percentage
 - Assessment scores
- Export functionality:
 - Export grades to CSV
 - Export attendance data
 - Export batch reports
- Additional sections (ADMINISTRATOR/MANAGEMENT only):
 - Documents & Fees section
 - Assessment Management
 - Batch Management

3. Attendance Management

- Daily attendance tracking
- Multiple attendance status options:
 - Present (P)
 - Absent (A)
 - Holiday/Cancelled (X)
 - Dropped (D)
- Batch-wise attendance reports
- Attendance percentage calculations

- Export attendance data to CSV

4. Assessment and Grades

- Manage different types of assessments
- Track student grades and performance
- Record pre and post-assessment scores
- Calculate weighted grades based on assignment types
- Export grade reports

5. Course Management

- Create and manage courses with:
 - Course name
 - Description
 - Duration specification:
 - Duration value
 - Duration type (Weeks/Months)
- Available courses include:
 - Python
 - C
 - C++
 - CCA
 - PHP
 - HTML
 - Mobile Technology
 - CSS
 - Excel
 - DAT
 - SEP B
 - Chatgpt
- Track course offerings
- Manage course assignments
- Available to: ADMINISTRATOR, MANAGEMENT only

6. Staff Management

- Manage staff information including:
 - Personal details:

- Name
- Employee ID
- Mobile number
- Gender
- Date of birth
- Contact information
- Work details:
 - Work location (workbase)
 - Designation (specific roles available):
 - Trainer
 - Teaching Assistant
 - Program Coordinator
 - Telecaller
 - Training Coordinator
 - Program Manager
 - Sr. Trainer
 - L & D Executive
 - Head of Training
 - Nature of job (Full-Time/Part-Time)
 - Visual acuity (LowVision/Blind/Sighted)
 - Contract details:
 - Contract duration (months)
 - Contract end date
 - Join date
- System access:
 - Role assignments
 - Last login
 - Staff working status (Active/Inactive)
- Training Programs:
 - Up to 3 training program assignments
- Available to: ADMINISTRATOR, MANAGEMENT only

7. Reports and Analytics

- Generate comprehensive reports:
 - Batch status reports
 - Student progress reports
 - Attendance reports
 - Financial reports (fees collection)
- Filter reports by:
 - Date range
 - Quarter
 - Year
- Export reports to CSV format
- Available to: ADMINISTRATOR, MANAGEMENT only

8. Document Management

- Track and manage specific student documents:
 - ID proofs
 - Disability certificates
 - Photos
 - Bank details
- Manage batch-related documents
- Fee management and tracking
- Available to: ADMINISTRATOR, MANAGEMENT only

9. Security Features

- Role-based access control
- Google Sign-In authentication
- Staff access limited to assigned batches
- Audit logging of important actions
- Data privacy protection
- Active/Inactive account status control
- Staff access to batches controlled by:
 - Direct assignment
 - Being the batch instructor
 - Being in special email lists (staffAdminEmails or dataEntryEmails)

Navigation

The system features a responsive navigation menu that adapts to different screen sizes. The menu items available depend on your user role:

Main Navigation Menu

- ****Student Registration**** (Public Access)
 - Available to everyone
 - No login required
 - Used for new student applications
- ****Students**** (ADMINISTRATOR, MANAGEMENT, TELECALLER)
 - View and manage student information
 - Access student records
 - Update student details
- ****Batches**** (ADMINISTRATOR, MANAGEMENT, STAFF)
 - View batch listings
 - Manage batch details
 - Access attendance tracking
 - For STAFF: Limited to assigned batches only
- ****Reports**** (ADMINISTRATOR, MANAGEMENT)
 - Generate various reports
 - Export data to CSV
 - Access analytics
- ****Courses**** (ADMINISTRATOR, MANAGEMENT)
 - Manage course offerings
 - Create new courses
 - Update course information
- ****Staff**** (ADMINISTRATOR, MANAGEMENT)
 - Manage staff records
 - Update staff information
 - Assign roles and permissions

Mobile Navigation

- Menu accessible via hamburger icon on small screens

- Collapsible menu for better mobile experience
- Same role-based access controls

Common Tasks

Accessing the System

1. Navigate to the Vision Aid STATS website
2. Click "Sign in with Google"
3. Use your authorized Google account
4. System will automatically detect your role and permissions

Student Registration (Public)

1. Click "Student Registration" in the navigation menu
2. Fill in required information:
 - Personal details:
 - Name (no numbers or special characters allowed)
 - Phone number (exactly 10 digits, must be unique)
 - Educational background (select from predefined qualifications)
 - Visual impairment details:
 - Vision loss percentage (40-100% only)
 - Disability type (Visually impaired, VI with other disability, Other disability and Non-disabled)
 - Course preferences (up to 3 choices)
3. Submit the registration form
4. System will confirm successful registration

Managing Batches (STAFF)

1. Click "Batches" in the navigation menu
2. View list of assigned batches
3. Click on a specific batch to:
 - View batch details
 - Access attendance tracking
 - Mark daily attendance using P/A/X/D options
 - Submit attendance records
 - View student progress

Managing Courses (ADMINISTRATOR/MANAGEMENT)

1. Click "Courses" in the navigation menu
2. View existing course list
3. Add new course:
 - Enter course name
 - Provide description
 - Set duration (Weeks/Months)
4. Export course data to CSV if needed

Managing Staff (ADMINISTRATOR/MANAGEMENT)

1. Click "Staff" in the navigation menu
2. View staff directory
3. Add/Edit staff information:
 - Personal details
 - Work location
 - Designation
 - Role assignment
 - Training program assignments
4. Update staff working status (Active/Inactive)

Generating Reports (ADMINISTRATOR/MANAGEMENT)

1. Click "Reports" in the navigation menu
2. Select report type
3. Choose filters:
 - Date range
 - Quarter
 - Year
4. Generate and download report in CSV format

Managing Student Records (ADMINISTRATOR/MANAGEMENT/TELECALLER)

1. Click "Students" in the navigation menu
2. View student listings
3. Access individual student records
4. Update student information as needed
5. Track progress and completion status

Batch Status Management (ADMINISTRATOR/MANAGEMENT)

1. Access batch details

2. View comprehensive batch information:

- Student enrollment
- Attendance records
- Assessment scores
- Completion status

3. Update batch status

4. Export batch reports as needed

Data Privacy and Security

Vision Aid STATS implements comprehensive security measures to protect user data and ensure system integrity:

Authentication and Access Control

- Secure authentication through Google Sign-In integration
- Role-Based Access Control (RBAC) with defined roles:
 - ADMINISTRATOR: Full system access and management capabilities
 - MANAGEMENT: Similar to admin with specific restrictions
 - STAFF: Limited access to assigned batches and student data
 - TELECALLER: Access to student information only
- Session-based authentication with automatic timeout
- Secure password policies and management
